Private person, no pharmacy, non-professional user, no reseller, no public research institute or educational establishment

Marketing and use of hazardous substances and preparations labelled with one or more of the following hazard symbols:

T⁺, T, O, F⁺, Xn + R 40, Xn + R 62, Xn + R 63, Xn + R 68

in accordance with Articles 3 + 4 of the German Chemical Prohibition Regulation (Chemikalien-Verbotsverordnung), acting in accordance with the Council Directive 76/769/EEC.

According to Article 2 (5) sentence 2 of the Chemical Prohibition Regulation it is **absolutely forbidden** to sell these hazardous products and preparations to a **private person**.

According to Article 2 (5+6) of the Chemical Prohibition Regulation:

According to paragraph 5 sentence 2 no permission is required from resellers, professional users or public research institutes or educational establishments.

In combination with Article 4 (2) we are **not permitted** to sell hazardous products and preparations to **non-professionals** labelled with one or more of the following symbols: **T⁺, T, O, F⁺, Xn + R 40, Xn + R 62, Xn + R 63, Xn + R 68**

Yours sincerely,

Dr. Georg Kremer
